45 minutes, including Q&A time

Audience Size

Maximum 120 students

About Constable Care

Our theatre-in education themes have been derived from an expressed community need, and developed in consultation with experts in education, child safety, and harm prevention.

Every performance is supported by a teacher resource pack and evaluation kit. Constable Care also actively supports major community events, fairs, and fetes through performances and appearances that extend and reinforce our key messaging around the topics of child safety and risk reduction.

Synopsis

Hold on to your seats! It's time to fire up Professor Tells-You-Stuff's terrific tambourine time machine and see if Constable Care can help his friends learn all the safety rules for their trip to school.

Students will learn all about walking, riding a bike or scooter, and travelling in the car safely. Look out for Timmy and Granny along the way with plenty of safety tips to offer, but be careful - the time machine can make you dizzy, so don't forget your helmet!

Concepts Addressed

- Safe walking: road crossing, using footpaths, and finding a safe route
- Bike safety: using bike paths, helmets, and direction signalling
- Road safety: school drop off areas, exiting cars safely, school zones, safe speeds, and seatbelts
